

PRISONER'S ESCAPE
REPORTED TO COURT

When Indictment Is Brought
Against Taylor Hurst—Much
Business In Circuit Court

The escape of Taylor Hurst, a white prisoner from the county jail here, which occurred some time ago, became known Wednesday morning, when Jailer William Burgess was unable to produce him in court in answer to the indictment which the grand jury returned against him for grand larceny. Jailer Burgess reported to Judge Shackelford that he had been compelled to let the prisoners out of their cells into the walk, to get warm. Judge Shackelford asked him why he didn't have heat for the prisoners or report the matter to the County Judge and Fiscal Court. Jailer Burgess said he had reported the matter time and again but that they would do nothing about it and it was no use reporting it to anyone. It seems that while in the walk, around the cells, Hurst took a notion to leave, so kicked out a window, and didn't stop to say goodbye to anyone.

The grand jury brought in a total of seven indictments Wednesday, for chicken stealing, unlawful shooting and petit and grand larceny.

Judge Shackelford has been cleaning up the criminal docket rapidly since court began Tuesday. Jesse Cain, Carmel Cain and Hume Park were fined \$20 and costs on a charge of betting on a pool game. Schuyler Johnson was fined \$50 and costs on a charge of furnishing liquor to a minor. Wright Hamilton was fined \$250 and costs for having a punchboard in his poolroom.

Mason Richardson's bond of \$100 furnished by A. K. Doty was declared forfeited as he did not appear to answer to a charge of carrying concealed a deadly weapon. He was tried in his absence, fined \$100 and given 40 days and disfranchised two years.

The bond of Cornelius Ballard, on a charge of obtaining property by false pretense was also forfeited. It was for \$100 and had been furnished by J. S. Gott.

W. S. Ballard was dismissed on a charge of having given a cold check to D. W. Vandever, he having made the check good.

Zach Munday, colored was given a year in the penitentiary on a charge of chicken stealing from L. L. Begley, in the Bobtown section.

Vesta Kelly and Maurice Kelly, mixed up in a cutting scrape near Millon were fined \$50 and costs each.

Judgement was taken against J. W. Thomas as surety on the forfeited bail bond of Ray Thomas, who did not appear to answer a charge of obtaining property by false pretense. Judgement was also taken against William White as surety for Grover Mitchell on a \$100 bond to answer a charge of petit larceny.

James Shearer and Houston Quisenberry, who had been convicted and fined in police court in Richmond for carrying deadly weapons concealed, were disfranchised in circuit court, for two years.

There are a number of new divorce cases before the court at this term. Charles Tevis was granted a divorce from Emma Tevis Tuesday.

W. H. Beasley qualified as legal guardian for Jean Broadbent Beasley in the case of W. T. Broadbent's heirs against W. T. Broadbent's heirs.

The court named John W. Shearer W. B. Brandenburg and Luther Todd as Jury Commissioners for the ensuing year. They will meet Thursday and fill the wheel.

John Noland was appointed guardian and ad litem for John Edwin Todd and Margaret Helen Broughton, in actions pending before the court.

Spencer Tobacco Crop
Near Record For U. S.

Taylorville, Ky., Feb. 4—The sale of the tobacco crop of Will Osborne reveals a price per acre as well as per pound, that almost sets a record in the United States. Mr. Osborne raised this crop on 2 9/10 acres of land on the farm of Mrs. E. D. Bourne, the crop weighing 6,680 pounds. Although 527 pounds had been injured by water and brought only 27 1/2c the entire crop was sold at an average price of 60.8 cents. Osborne sold the fallen leaves which he gathered for \$27.31. The sale was made on the floor of the Spencer county loose leaf tobacco warehouse.

Kelly and Simpson sold the following baskets: 230 lbs at 37c; 105 lbs at 58c; 45 lbs at 40c; 55 lbs at 50c; 55 lbs at 52c; 155 lbs at 78c; 135 lbs at 20c; 55 lbs at 38c; 105 lbs at 38c; 80 lbs at 20c 90 lbs at 10c; 130 lbs at 6 1-2c; 100 lbs at 5c; 65 lbs at 5c.

THE MARKETS

Cincinnati—Receipts light; hogs steady; Chicago slow to strong; cattle slow; calves lower.
Louisville, Feb. 4—Cattle 300; quiet and unchanged; hogs 1,500 unevenly lower; tops \$15; sheep 25; steady and unchanged.

PHONE RATE RAISE IN
COUNTY IS DENIED

There will be no raise in telephone rates in Madison county above the regular contract rates which were in effect for several years before war-time rates were temporarily put on. The Madison County Fiscal Court, at its meeting Tuesday, denied the increase which is sought by the Cumberland Telephone and Telegraph Company. A special committee had been named to look into the petition of the company for an increase and its claims that the old rates force it to work at practically a loss, but the committee reported against allowing the increase sought.

BALDWIN CROP SELLS
AT OVER \$1 A POUND

The celebrated Baldwin tobacco crop, raised on the Speedwell farm of Mr. T. E. Baldwin, went on sale on the Richmond breaks Tuesday and averaged over \$1 a pound for the crop of 2,540 pounds. The crop was raised by Mr. Baldwin and his tenant, Mr. White, and much has been reported about this crop for a price of 90 cents a pound was refused for it early in the season. The top basket brought \$1.35 a pound, and the bottom basket 74 cents. Different buyers secured parts of the crop. It is noted among the sales given below:

Baldwin and White sold the following baskets: 385 lbs at 80c; 390 lbs at \$1.02; 105 lbs at \$1.01; 160 lbs at \$1.05; 15 lbs at \$1.35; 130 lbs at \$1.06; 230 lbs at \$1.03; 175 lbs at \$1.04; 600 lbs at \$1.05; 450 lbs at 74c.

R. L. Conlee sold the following baskets: 170 lbs at 22c; 65 lbs at 38c; 270 lbs at 81c; 60 lbs at 73c; 200 lbs at 79c; 185 lbs at 88c; 255 lbs at 76c; 115 lbs at 25c; 335 lbs at 28c; 115 lbs at 20c; 170 lbs at 7c; 280 lbs at 7c; 70 lbs at 6c.

J. B. Woods and Dollens sold the following baskets: 30 lbs at 27c; 270 lbs at 56c; 275 lbs at 64c; 270 lbs at 80c; 285 lbs at 63c; 105 lbs at 70c; 130 lbs at 50c; 380 lbs at 40c; 365 lbs at 20c; 260 lbs at 6c; 2660 lbs at 10c.

J. W. Rhodus sold the following baskets: 150 lbs at 53c; 35 lbs at 52c; 75 lbs at 42c; 155 lbs at 86c; 25 lbs at 71c; 185 lbs at 78c; 215 lbs at 55c; 140 lbs at 30c; 35 lbs at 7c; 10 lbs at 5c.

E. E. Estridge sold the following baskets: 240 lbs at 35c; 170 lbs at 34c; 310 lbs at 45c; 310 lbs at 48c; 225 lbs at 40c; 210 lbs at 20c; 160 lbs at 20c; 135 lbs at 14c; 185 lbs at 6c.

Todd and Johnson sold the following baskets: 240 lbs at 80c; 315 lbs at 89c; 265 lbs at 77c; 280 lbs at 82c; 230 lbs at 90c; 380 lbs at 81c; 465 lbs at 42c; 515 lbs at 30c.

Million and Howard sold the following baskets: 55 lbs at 10c; 140 lbs at 51c; 80 lbs at 45c; 200 lbs at 70c; 210 lbs at 83c; 190 lbs at 90c; 205 lbs at 77c; 140 lbs at 53c; 75 lbs at 53c; 75 lbs at 20c; 225 lbs at 12 1-2c; 115 lbs at 7 1-4c; 20 lbs at 15c; 85 lbs at 7 1-2c; 60 lbs at 5c.

Chas. Singer sold the following baskets: 110 lbs at 51c; 100 lbs at 51c; 85 lbs at 59c; 160 lbs at 50c; 75 lbs at 10c.

Bessie Hughes sold the following baskets: 50 lbs at 85c; 50 lbs at 99c; 55 lbs at 88c; 110 lbs at 70c; 55 lbs at 18c.

L. Coffee and Turner sold the following baskets: 370 lbs at 53c; 290 lbs at 58c; 135 lbs at 90c; 205 lbs at 89c; 150 lbs at 90c; 100 lbs at 91c; 105 lbs at 90c; 175 lbs at 90c; 25 lbs at \$1.03; 130 lbs at 80c; 25 lbs at \$1.03; 130 lbs at 73c; 340 lbs at 80c; 120 lbs at 62c; 190 lbs at 53c; 70 lbs at 56c; 140 lbs at 40c; 150 lbs at 56c; 55 lbs at 13 1-3c; 130 lbs at 9c; 160 lbs at 6 1-4c; 90 lbs at 74c.

Hagan and Tipton sold the following baskets: 520 lbs at 55c; 320 lbs at 80c; 260 lbs at 81c; 525 lbs at 77c; 200 lbs at 65c; 70 lbs at 59c; 60 lbs at 84c; 415 lbs at 86c; 330 lbs at 78c; 120 lbs at 79c; 510 lbs at 45c; 55 lbs at 6c.

BOSTON'S FAMOUS FISH PIER IS BUSY AGAIN

The famous Fish Pier of Boston which has been idle for over ten years now bustles with activity. The East Coast fisheries has taken over the whole wharf and will make it one of the biggest fresh fish terminals in the whole world. Photograph shows fishermen celebrating the opening of the pier with a fish-packing contest.

NEAR EAST RELIEF
WORKERS ARE SLAIN

Three Americans Lose Lives On
Mission of Mercy In Far-Off
Syria

(By Associated Press)
Washington, Feb. 4—Three American relief workers, part of a convoy for American relief supplies in Syria, were killed by brigands February 1st near El Mali, north of Aleppo, the State Department was advised today. The names of the Americans were not given. The relief expedition was under the auspices of the American committee for relief of the Near East, headquarters of which are in New York.

GUNMEN'S WAR BREAKS
OUT IN CHICAGO

(By Associated Press)
Chicago, Feb. 4—The slayer of Maurice E. Enright, Chicago's most notorious gunman and labor feudist, was sought by the police today but apparently without result. Two men trailed Enright through the streets and fired 11 slugs from a shot gun into his body as he sat at the wheel of his automobile in front of home last night. Within 30 minutes scores of gunmen, labor feudists, and known bandits, were arrested. A number were held for examination. Enright for nine years was a leader in Chicago labor feuds. Police believe the killing means another "gunmen's war."

Letting 'Em Know Uncle Sam
Won't Stand For Everything

(By Associated Press)
Washington, Feb. 4—Deportation of radicals, country-wide arrests of others and a "vigorous enforcement of existing laws has given notice that the United States intends to keep order and has helped to improve conditions." Attorney General Palmer today told the House judiciary committee. He asserted a state of order is impossible otherwise. Palmer again urged the enactment of the bill introduced by Representative Davis, of Ohio, last November. He said other pending measures are so drastic and far reaching they would defeat the purposes for which they are intended.

Bolshevism Spreads To Turkey

(By Associated Press)
London, Feb. 4—A Constantinople dispatch says "the young Turks Red army will in the near future reach Constantinople to throw out Turkish enemies. The Turkish Bolshevik announce a holy war against Great Britain will be undertaken in the spring."

Jack Johnson May Come Back

(By Associated Press)
Chicago, Feb. 4—Jack Johnson may get his wish and be permitted to return to the United States. District Attorney Clyne said today he is disposed to grant Johnson's request that he not be molested until he reaches Chicago where he will surrender and serve his sentence of one year for violating the Mann act.

Berlin, Feb. 4—Havas—Von Lersner, head of the German mission in Paris, has been relieved of that office. He has received orders, it is stated, to transmit the expected allied note on the extradition demands to his government.

SKY WAS LIMIT IN
NEWBERRY ELECTION

(By Associated Press)
Grand Rapids, Mich., Feb. 4—James F. Sweinhart, New York representative of the Detroit News, testified today in the election fraud trial of United States Senator Newberry, related a conversation in New York with Fredrick Cody, one of the defendants, in which Cody is quoted as saying "it will be a great time for the boys in Michigan because they will spend a barrel of money. The id is off out there. The sky is the limit."

SELL FIVE HOUSES
ON MOBERLY AVENUE

The Freeman Realty Company, of this city, have been on the job every minute since they organized some few weeks ago. Among their latest sales were five houses and lots on Moberly avenue, recently owned by Gov. Edwin Brown, deceased, which were sold for Mrs. Bettie Clark, of Bellevue, to Dock Simpson and wife, who reside on Fifth street. It is understood that the price received for these cottages was in line with the high prices of real estate sold in Richmond the past year.

HUN ENVOY RESIGNS
UNDER ALLIED FIRE

(By Associated Press)
Paris, Feb. 4—Kurt Von Lersner, head of the German peace delegation here, has returned to Premier Millerand the list containing the names of Germans whose extradition the Allies demand. He informed the Premier he has resigned and would leave for Berlin by the first train. The Allied council of Ambassadors was called into extraordinary session today to discuss the situation. Von Lersner's note merely said "no German functionary will be disposed in any way whatever to be instrumental in realizing their extradition," and that he would become such an instrument if he forwarded the list to Berlin. The general impression here is that Von Lersner's action will not influence the Allies. French official circles point out the Germans are using every possible pretext to avoid execution of the treaty clauses and if the Allies gave way on this, it would be used as precedent for further modifications.

Seems of Little Moment

(By Associated Press)
Washington, Feb. 4—Army officers here suppose the Young Turk Red army refers to the Nationalist army. The strength is not known but the threat to attack Constantinople is not regarded seriously.

PRAYER SERVICE TONIGHT

The prayer meeting will be resumed at the First Baptist church this evening at 7:30 having dismissed the past three Wednesday's on account of the Methodist revival. The subject tonight will be, "The Struggle to be Good." Let all come.

NOW is the time people are eating fresh fish and oysters, and we are receiving them daily. Neff's Fish and Oyster House, phone 431.

PROF. SMITH WANTS
TO HELP THE DEAF

Offers To Give Away Little Device He Has Invented That
Makes Hearing Easier

Prof. G. D. Smith, head of the Science department of Eastern Kentucky State Normal, is always anxious to do something for the good of his fellow man. His has invented what he believes will prove a great boon to persons afflicted with deafness, and calls it the "Humanophone." Here's what he says about it and the generous offer he makes to everyone who may need such help to hearing.

The Humanophone

For many years I have seen people, especially old people, who were hard of hearing or nearly deaf laboring under great difficulties that stood in the way of communication. It is rather an unpleasant task to converse with any one when you must talk at the top of your voice or repeat several times every word. My wife's mother has in recent years become quite deaf and thru my sympathy for her I began to think of some way in which I might relieve her. So, after experimenting for some time I invented an instrument that I have named the Humanophone. With this invention I am able to sit down 4 or 5 feet away from any one, even though he is so deaf he could not catch a word of an ordinary conversation, and talk right along in an ordinary tone of voice. The invention is simple and consists of only three pieces of rather inexpensive material. The three pieces are as follows: A metal funnel, a piece of rubber tubing about 6 feet long and as thick as a lead pencil and a piece of glass tubing about four inches long and melted to a blunt end with a small hole in it. This glass tubing fits nicely into ear. This invention will not be used as a money making scheme but as a relief to those who are hard of hearing. Any one who is interested may call me at my home on High street, phone 190. I have a number of glass tubes and will be glad to supply any one wishing to fit themselves out, free of charge.

G. D. SMITH, Science E. K. S. N.

Many Huns Emigrate
To Argentine Republic

(By Associated Press)
Buenos Aires, Feb. 4—Every steamer arriving here from Latin ports of Europe and from Holland is loaded with emigrants coming here to settle. Most of those on the Dutch ships are Germans. They are attracted by the facts that Argentina is prosperous, unscathed by war and belief that it gives promise to rapid development.

A great increase in the foreign population of the Argentine is expected owing to this immigration. Already nearly one-half of the population of Buenos Aires is foreign born and a majority of these have failed to become citizens, although only two years residence is required. Many have long been residents of Argentina and are large property owners.

No Prayer Service This Evening

On account of the indisposition of the pastor, there will be no prayer service this evening at the Presbyterian church.

Weather For Kentucky.

Cloudy tonight and Thursday,
warmer Thursday.

NO INVESTIGATION
OF TOBACCO TAX

State Senate Votes Down Effort
of Mountain Member—House
Passes Mob Bill

Frankfort, Ky., Feb. 4—Senator J. W. Harlan, of Boyle county, introduced a resolution in the State Senate to investigate the coal situation in reference to opposing the mineral rights tax, either on tonnage or by percentage on production.

His resolution provides that Senators Monroe and Miller, republicans, and Marshall and Simmons, democrats, be appointed on a committee to obtain all necessary information, including a report as to whether or not coal-producing counties are paying their share of the state's revenue.

A determined effort was made by the mountain Senators to include tobacco in the scope of the committee's inquiry, but after a lengthy discussion Senator Auxier's amendment, to include tobacco, was defeated, 18 to 17. Tobacco region Senators said they had no objection to investigation of the tobacco industry but insisted this investigation should be made by Senators from tobacco-growing districts. Senators from mining sections asserted that mineral lands are paying their just proportion of taxes.

The main resolution to investigate coal, fluor-spar, barytes, rock asphalt and other minerals was adopted by a vote of 24 to 7, after it had been amended to substitute the name of Senator Andrew E. Auxier, Pike county, in the place of Senator Clarence Miller, of Estill county.

Senator Hon introduced the American Legion Bill to regulate foreign language newspapers, providing for their publication in parallel columns of English translation.

Senator Antle introduced a bill changing the age of consent to 18 years, affecting both sexes.

After defeating the amendment of Representative E. C. Hardin to make the State Board of Charities and Corrections bi-partisan, the House passed the bill of Representative Lazarus providing for appointment for this board, composed of eight members. Under the bill's provisions, these members serve without compensation and shall exercise all powers and privileges now vested in the State Board of Control and the Board of Managers of the House of Reform for girls.

The bill to suppress mob violence was also passed by the House. It provides that when more than 3 persons gather for the purpose of doing violence, injury to or lynching of any person in the custody of any peace officer or jailer, this shall be considered to be a mob. Any person who takes part in a mob shall be deemed to be guilty of lynching and the penalty for lynching is death or life imprisonment.

Any person who harbors or conceals, or aids any member of a mob to escape arrest, shall, upon conviction, be punished by imprisonment in the county jail for not less than 30 days nor more than six months. The law as drawn, prescribed a penitentiary sentence of not less than two nor more than 21 years. The jail sentence instead of the penitentiary sentence was inserted in the bill by an amendment offered by Representative Thomas R. Welch, who thought the penitentiary sentence would make the measure unconstitutional.

An amendment offered by Representative James H. Thompson, of Bourbon county, and accepted by Representative Lazarus, author of the measure, provides that the county judge and not the sureties on the bond of an officer removed from office for permitting a prisoner to be taken from jail, shall appoint a person to fill the office thus vacated until the next general election. He amended the bill by providing that the coroner shall fulfill the office of Sheriff and Jailer until such an election.

The bill abolishing the department of forestry and geology passed, 77 to 4.

LOCAL SCHOLARS
HONOR WINNERS

In State Anti-Tuberculosis Essay
Contest—Complete List Of
Winners

Two Richmond scholars of the local schools won honorable mention in the state essay contest held by the Anti-Tuberculosis League of Kentucky, upon papers which they submitted. They are Janie K. Rowlette and Cecil Taylor. Several others from this section of the state won cash prizes with their essays.

Judges in the State essay contest were: Dr. J. B. Lukins, Louisville, Miss Emma Dolinger, Supervisor of Science, Louisville schools and Mrs. Chas. P. Weaver, District Superintendent Kentucky Children's Home, Louisville. The various awards were made as follows:

Sixth grade—The Life History of the Common House Fly. First prize, \$25, Frances Veach, Carlisle; second prize, \$17.50, Lauretta Flood, Shepherdsville; third prize, \$7.50, Jabe Fisher, Russell.

Honorable mention: Leighton Smith, Columbia; Cashon Aileen, Fulton; Catherine Lanton, Elizabethtown; Nancy Smedley, Lexington; Hyacinthe Gerding, Newport; Elizabeth Reid, Mount Sterling.

Seventh grade—Is the Public Health Nurse a Necessity or a Luxury? First prize, \$25, Edith Honaker, Forks of Elkhorn; second prize, \$17.50, Nora Blanford, St. Marys; third prize, \$7.50, Fred Wads, Hatchers.

Honorable mention: Mary Cornelius, Annville; Bessie Driver, Harlan; Fred Whitney, Fulton; Pauline Courson, Lexington; Louise S. Schroe, Newport.

Eighth grade—If You Have Tuberculosis, How May You Be Cured? How May You Prevent Others from Taking It? First prize, \$50, Verdie Burnham, Fulton; second prize, \$35, Exta Williams, Georgetown; third prize, \$15, Olga Camenisch, Stanford.

Honorable mention: Ruby Carter, Lucy Rice, Nettie Hensley, Harlan; Edgar Williams, St. Marys; Irene Thurmond, Oaklandville; Amanda Taylor, Thelma Claunch, Somerset; Josie Jones, Mattie Lipps, Manchester; Iola Hensley, Dorothy Burns, Oneida; Lois Dickey, Lois Miller, Bowling Green; Janie K. Rowlette, Cecil Taylor, Richmond; Virginia Heizer, Lexington; Joe Frank, Conley Carlisle, William Sumner, Joseph Neiner, Anna Neiner, Newport; Inez Williams, Russell; Mildred Rue, Ruby Brown, Harrodsburg; Gladys McWhorter, Lexington; Lily Fay Ryan, Russellville; Ernest Clarke, Bessie Craig, Frankfort; Gladys Bell, Forks of Elkhorn; Martha Young Planch, Flemingsburg; Glenna Taylor, Exie Wiggins, Ethel Hardin, Beech Grove; Michael Butler, St. Marys; Philip F. Nevius, Stanford; Geneva Stallings, Shepherdsville; Stella Mae Swann, McHenry; Rosa Pepper, Bengal; Ruth Vance, Greensburg.

Ninth and tenth grades—What Does The Modern Health Crusade Mean? First prize, \$50, Lily Hawkins, Annville; second prize, \$35, Florida Horton, Manchester; third prize, \$15, Mary Saylor, Mt. Vernon.

Honorable mention: Peter Hess, Alexandria; Dovie McFarland, Harlan; Mary Charles Loving, Lexington; George Ragland, Georgetown; Ronald Wiggins, Beech Grove; Iola Hensley, Oneida.

Eleventh and 12th grades—Why Should I Buy Red Cross Christmas Stamps? First prize \$100, Fay Ward, Hager; second prize, \$70, Alta Reub, California; third prize, Lucile Short, Beech Grove. Honorable mention: Mayron Petrey, Pineville; Morris Robinson, Shelbyville; Olive R. Williams, Russell; Lucile Short, Beech Grove.

Had Paralytic Stroke

The Stanford Journal says that Mr. William Moreland, father of Mrs. W. C. Shanks, of that city, suffered a paralytic stroke while at Richmond Saturday afternoon and he is in a critical condition. One side is entirely paralyzed, and while Drs. Gibson, who are attending him, hold out hope for his recovery, they admit his condition is precarious. Mrs. Shanks is unable to go to her father's bedside by the illness of her husband.

Analyzing The Plan (Louisville Post)

The Evening Post is indebted to "A Kentucky Banker" for the following lucid statement relative to the State's finances and the grotesque proposition to further embarrass them by an issue

of \$75,000,000 of State bonds, carrying with in an interest and sinking fund charge against the State of approximately \$6,000,000 annually:

During the past 12 years or ever since Mr. Beckham left the Governor's office, the State of Kentucky has been living in excess of its income. The mounting debt, starting from small beginnings, rapidly mounted up until it had passed the \$1,000,000 mark. It is now, I believe, close to \$4,000,000. For 12 years we have been talking about paying off this debt and have never

been able to do it. Now we are invited to gaily sell \$75,000,000 in State bonds. To meet the interest of this great sum State taxes, including the school tax, would have to be more than doubled. I suppose the plan would include provision for a sinking fund. Thus State taxes would have to be increased over \$5,000,000 annually. But this is \$1,000,000 more than total State debt accumulated during a period of 12 years. If we find it so difficult in 12 years time to pay a State debt of \$4,000,000 our position

would be serious indeed, if we were suddenly confronted with a new charge against the State in addition to our present charges of over \$5,000,000 and possibly of \$6,000,000. Certainly the people of Kentucky will hesitate long before they will accept so visionary a scheme, and voluntarily agree to burden themselves with a debt that would require such enormously increased taxes to meet.

In our judgment the people will hesitate not at all. They will, if this project is submitted in the form proposed, reject it by such an overwhelming majority as to discourage plans of the kind for a long time to come. And the argument made above is hard to controvert. We have a floating debt of \$4,000,000. If Governor Morrow is really thinking about a plan for \$75,000,000 worth of bonds, with increased taxes of \$6,000,000 annually, why not begin at once with heavier taxes and levy a tax in this year to raise the \$4,000,000? If we can pay \$6,000,000 hereafter, surely we can pay \$4,000,000 now. If we are to have a great bond issue, we should at once begin to learn to pay large taxes to the State.

Unreasonable Tenants

Landlords may sometimes profiteer but tenants are often unreasonable. At least one would gain such impression from a story that Tom Underwood tells in the Hoptown paper.

A lady had rented an apartment. One day she hurriedly called the landlord over the phone and excitedly told him that two large rats were fighting in her living room.

"What rent do you pay, madam?" he asked.

"Why \$40 a month," she replied.

"What do you expect for \$40?" growled the landlord. "A bull fight?"

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" Then
Breaks Up A Cold In A
Few Hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing—and sniffling! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's.

ATTENTION CONTRACTORS

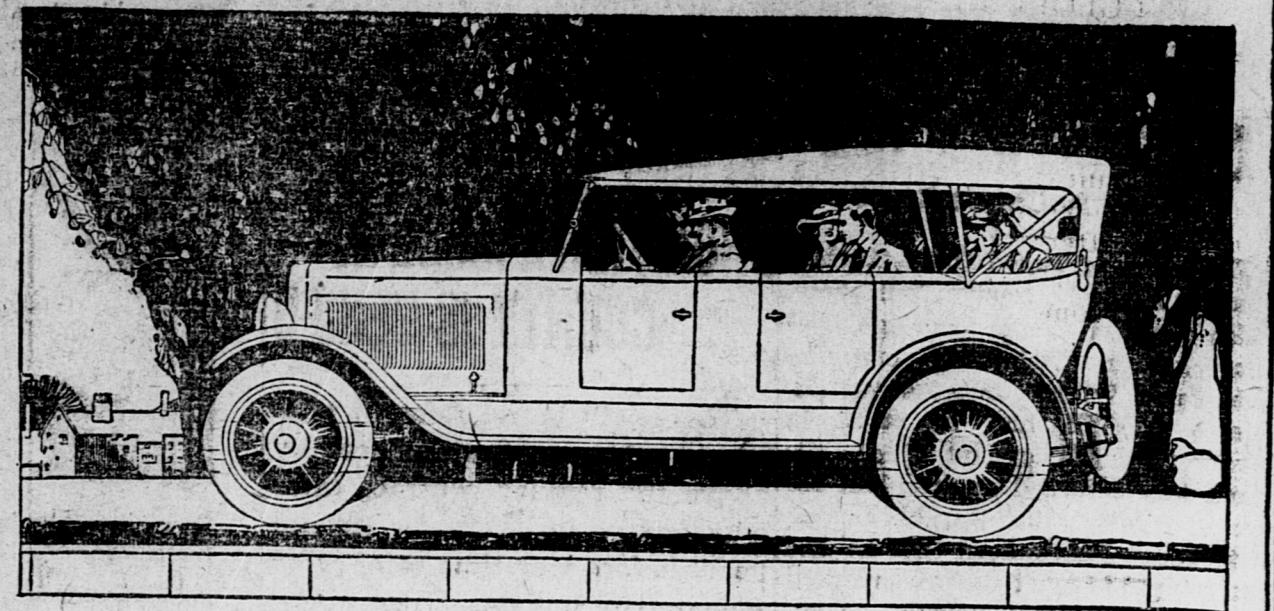

Sealed bids for the construction of the First Presbyterian church at Richmond, Ky., will be received by the Committee or by the architect until February 20th, 1920 when they will be opened at the Madison National Bank in Richmond. Plans and specifications can be had by application to either the said bank or Hugh L. Nevin, Architect, Stark Building, Louisville, Ky. Right reserved to reject any and all bids.

W. Neal Bennett, Chairman Building Committee, Richmond, Ky. 10t-eod

Lot fronts 110 feet on Lancaster Avenue and runs back 400 feet in parallel lines. Large barn. House contains 6 rooms, and bath and equipped with electricity. Possession given in reasonable time. Price \$6500. If interested communicate with LT. JOHN F. WHITE, U. S. N. 1884 Columbia Road, Washington, D. C.

CHANDLER SIX Famous For Its Marvelous Motor

Europe Welcomes The Chandler Six

NOW then you read something about "French style and line" in automobiles, or perhaps it's "the newest English idea." And some folks have gone across to get the newest suggestions.

Europe hasn't built automobiles for five years and Europe is crying for new cars and good cars.

America's style is Europe's style now.

The Chandler Six, popular in many other countries for years but kept out of Europe the past three years because of war-time prohibition of shipments, is welcomed everywhere in Europe now—welcomed for the excellence of its performance, and quite as much for the beauty of its styles of body.

The Chandler, represented in the British Isles by Messrs. H. G. Burford & Company, Ltd., of London, was exhibited by that old established English automotive house, at the great Olympia Motor Show,

and was "quite the sensation of the show," says a London cable. "Three hundred and seventy Chandlers were sold in two days."

Apparently England is greatly pleased with America's best style in motor cars.

The Chandler Offers Highest Quality At The Fairest Price

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars.

The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

Don't Be In A Hurry About Ordering Your Spring Suit

THE GLOBE MAN will be here in a few days with a complete line of Woolens at prices that will interest you.

There is no use giving up all your money for a suit when you can buy a High Class Tailored Suit for a reasonable price. There is no use buying ready-made clothes when a Globe tailored suit cost so little more, and think of the fit and workmanship. You get a suit made for you and you have an exclusive pattern.

Wait for further announcements and see the Globe Man when he comes.

PERSONAL AND SOCIAL

Hall-Ginter

The Methodist church at College Hill was the scene of a pretty wedding Tuesday afternoon when Miss Angie Hall and Mr. George Ginter popular young people of that section were united in wedlock's holy bonds. The pastor, Rev. J. A. McClintock in his usually impressive manner performed the ceremony in the presence of a large number of relatives and friends. Miss Carrie Ginter and Mr. Dudley Berryman were the only attendants. Immediately after the ceremony a reception was given at the home of the groom's parents. Mr. and Mrs. Geo. Ginter, Sr. They will make their home on the farm.

RAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

An Entire Evening of Music

A Treat For Music Lovers Free

Attends National D. A. R. Meeting

Mrs. Christopher D. Chenault left Tuesday for Washington City to attend the board meeting of the National D. A. R. and the dinner of Mrs. Guernsey, the National President Thursday evening. Mrs. Chenault is vice president of the Kentucky Society and goes as alternate for Mrs. Samuel Shackelford, of Frankfort, the regent, who is unable to attend. Mrs. Chenault is also a candidate to succeed Miss Jennie Blackburn, of Bowling Green as vice president general for Kentucky.—Lexington Leader.

Mrs. Ethel Wilson Gott has returned from a business trip to Cincinnati and Indianapolis.

Miss Hazel House from Nelson county is the guest of Miss Mollie Powell on East Main street.

Mr. Samuel A. Phelps and Mr. Ben F. Leavell leave today for a month's sojourn at Hot Springs, Ark.

Miss Isabel Bennett has returned to Cincinnati College of Music after a brief stay with the home folks.

Miss Will Traylor, of Winchester. Graded school will spend this week with her sister, Mrs. Bland Ballard.

Miss Bertha Norton returned to her home in Cleveland, Ohio, after a pleasant visit to Mrs. J. J. Greenleaf.

Miss Gladys Smith returned to her duties at Transylvania having spent the week-end with her parents, Prof. and Mrs. G. D. Smith on High street.

Miss Annie Baumstark has returned to her home at Waco, after a three week's visit to her aunt, Mrs. E. F. Bybee.

Miss Alice Griffith, of Mt. Sterling was guest for the week-end of Miss Edna Mulnix Bybee on Woodlawn avenue.

Mrs. J. S. Collins left Wednesday for Washington D. C. to visit her son Lieutenant Commander Collins and family.

Mrs. J. M. Poyntz and Miss Kathleen Poyntz have returned from a visit to relatives in Mt. Sterling and Owensville.

Mrs. Lizzie Finney and Miss Florence Turpin visited their parents, Mr. and Mrs. J. H. Turpin in Clark county last week.

Mrs. Hugh Miller Thorpe has returned from a week's visit to her parents, Mr. and Mrs. B. F. Boggs in Nelson county.

Mr. William Devore and Dr. D. J. Williams left this morning for an indefinite stay at Mt. Jackson sanitarium at Indianapolis.

The Lexington Leader says, "Mrs. Julia VanWinkle has returned to her home in Louisville after a visit to her sister, Mrs. Newton Combs.

Mrs. William Ratliff and his daughter have returned to their home at Sharpsburg after a visit to Mr. Phelps and Miss Margaretta Smith.

Miss Adelle Cooper arrived from Chicago Sunday and will again have charge of the trimming department of the Richmond Millinery Company.

Mrs. Paul Giggis left Tuesday morning for her home in El Paso, Texas, after a month's visit to her parents, Prof. and Mrs. J. B. Harris.

Miss Nora Rourke, Mr. John Rourke of Paris and Miss Geneva McCarty of this city, were week-end guests in the home of Mr. and Mrs. W. J. Breen of Liberty, Ind.

Mrs. Charles H. Stoll, of Mississippi and Mrs. Geo. W. Pollard of Virginia will arrive Saturday from New York for a visit to Mrs. J. J. Neale and Mrs. Vernon Leer.

The Winchester Sun says, "Mrs. Fom Collins and little daughter, Elizabeth, stopped between trains Monday to visit Miss Sara Collins, who is a student at St. Agatha's Academy", en route to Huntington, W. Va.

SIX MONTHS I COULD NOT WORK

Lydia E. Pinkham's Vegetable Compound Made Me Strong and Able to Work—I Recommend It To All My Friends.

Bayonne, N. J.—"I had pains in back and legs so that I could not stand caused by female trouble. I felt so tired all the time, had bad headaches, and for six months I could not work. I was treated by a physician and took other remedies but got no relief. A friend told me about Lydia E. Pinkham's Vegetable Compound and it has helped me very much. I am well and strong and now able to do my work. I cannot thank you enough and I recommend your medicine to my friends who are sick."—MRS. SUSIE SACATANSKY, 25 East 17th St., Bayonne, N. J.

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for over forty years, and today hold a record for such wonderful success as does Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

LALLEY LIGHT and POWER

Lalley-Light is a complete unit—engine and generator—with 10-well storage battery. It supplies ample electricity for lights, water pump, washing machine, sweeper, cream separator, jamming mill, iron, etc.

Lalley Light and Power Multiplies Labor on the Farm

The actual time and labor savings on the farm with Lalley Light and Power are so conclusive that practically all Lalley owners figure that it actually takes the place of man-power.

They learn that it does this by enabling the same help to do more work; or by getting the same amount of work out of a smaller number of helpers.

Thus thousands of families all over the country are buying Lalley plants for other reasons besides their wonderful light.

They are even more attracted by the actual savings its power makes in time, money and especially in man-power.

Come in and let us prove its labor-saving economy out of actual owners' experience records. When seeing the Lalley you will the more readily understand its possibilities.

NEGLECTED COLDS ARE DANGEROUS!

Dr. King's New Discovery
soon breaks a cold and checks a cough

CILLS—fever—sneezes—and then a hard cold develops. Take a little Dr. King's New Life Discovery when the sniffles start. It will soon check the cold, the cough-provoking throat-tickle. Used everywhere by people who know why it has been on the market for half a century. Relieves cold, cough, grippe, croup. No disagreeable after-effects. All druggists—60c. and \$1.20 a bottle. Give it a trial.

Bowels Behind Schedule?

Liver acting lazy? Bring them to time with Dr. King's New Life Pills. Gentle but sure-acting system cleansers that are tickly in action and pleasing in results. Still 25c a bottle at all drug stores.

PROGRESS IN MORGAN HORSES

That the breeding of Morgan horses at the Morgan Horse Farm of the United States Department of Agriculture is making excellent progress is shown by a report of the Bureau of Animals Industry. The farm is located at Middlebury, Vt. At the end of the last fiscal year there were on hand 9 mature and fillies, and 7 geldings (including 3 drafts work geldings), a total of 57 animals.

A test in feeding weaning colts all the grain and hay they would eat has

given excellent results in growth and development without harmful effects. The average daily feed consumed by the colts in this test was: Oats 8.52 pounds; bran, 3.39 pounds; alfalfa, 3.25 pounds; timothy, 4.91 pounds.

MARRIAGE LICENSES

George William Ginter, 30, son of G. W. Ginter, and Angie Hall, 23, daughter of Leslie Hall, both of College Hill.

Little Hope of Relief For Victims of Catarrh

Unless Old-Time, Obsolete Treatment Is Discarded.

Doubtless during the mild summer months you have enjoyed some relief from the disease, because there is always less inflammation of the membranes during the summer, but do not make the mistake of thinking that your Catarrh is gone, for the very first raw, damp, wintry day, the delicate linings of the membranes will begin to again become irritated and sore, the air passages will begin to clog up, and soon you will find that your old enemy is still with you, with a fiendish intention of making your winter as full of discomfort as ever.

What are you going to do about it? If you have had the disease for any length of time, the chances are that you have used enough local remedies to convince you that there is no cure for you in this method of treatment. Are you going to drag through another winter hawking and spitting and spraying constantly in an effort to unclog the stopped up air passages so that you can get your breath for awhile, knowing that these accumulations will immediately reappear—or are you going to discard this makeshift treatment, and use a little intelligence in an effort to get rid of this disease that is such an annoyance and a constant handicap?

You must accept the teachings of science, which shows that to get rid of any disease, you must treat it at its source, you must direct your efforts toward removing its cause, instead of being satisfied with slight temporary relief from its symptoms. You must root out from your blood the millions of tiny germs which cause Catarrh, so that there can be no more inflammation of the nose and throat, and choked up nasal passages that make breathing difficult and painful.

S. S. S., the fine old blood remedy, has given splendid results in the treatment of Catarrh, and you will be delighted with its effect on your case. It so purifies and cleanses the blood, that disease germs are eradicated, hence when the germs of your Catarrh are eliminated from the blood, you are on the right road to a permanent ridance from the disease. Go to your drug store, and get a bottle of S. S. S. to day and begin the real rational treatment that will give real results.

If you will write our medical department, we will take pleasure in giving instructions regarding the treatment of your own particular case. Address: Chief Medical Adviser, 15 Swift Laboratory, Atlanta, Ga.

For Breakfast Tomorrow—French Toast or Pancakes With Plenty of BRER RABBIT Syrup

An ideal breakfast dish is delicious golden brown French toast with BRER RABBIT Syrup. And it is the most economical of foods.

BRER RABBIT is the rich-bodied, country made ribbon-cane syrup with the real flavor—just as it comes from the country. It costs no more than ordinary syrups. For hot cakes and hot breads BRER RABBIT is the ideal spread.

All syrups are sweet—including BRER RABBIT. Then what is the difference. Flavor! Wholesome, fresh, appetizing flavor of real country syrup in all its purity. Let your palate be the judge.

Housewives everywhere know that the name "PENICK & FORD" on a food means Always the Best of its Kind, 22 years of quality.

England's Drink Bill Grows

(By Associated Press)

London, February 4—Great Britain's drink bill for 1918 is estimated to reach the record figures of 259,000,000 pounds yet statistics just issued show a decrease in consumption and an increase in sobriety.

In 1905 the convictions for drunkenness in England and Wales totaled 207,171; in 1910, 161,407 and in 1914 they numbered 188,877, but from then onward the convictions dropped sharply to 135,811 in 1915; 84,191 in 1916; 46,410 in 1917 and 29,075 in 1918. The number of public-houses has also decreased from 10,341 in 1895 to 84,644 in 1918.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets afford a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. Feb.

KIRKSVILLE

Miss Stella Tussey entertained a few of her friends at dinner last Saturday evening in honor of her guest, Miss Verna Curry, of Lexington.

Miss Sarah Broadbuss entertained a large number of her friends at the home of Mrs. Albert Murphy last Saturday night.

Miss Lurline Mae Baker is boarding with Mrs. W. D. Broadbuss.

Miss Reba Smith is attending school at the Normal.

Our high school will give a play some time this month. The date will be announced later.

Miss Anna Mae Prewitt spent last night with Miss Bess Long.

Miss Alice Whitlock is visiting her sister.

Miss Sarah Broadbuss entertained a number of her friends at dinner last Sunday.

Mr. and Mrs. J. T. Whitlock have moved to their new home in Richmond.

Mrs. George Burton was buried in Lancaster last Tuesday.

Mr. Marion Prewitt has been on the sick list.

Mr. Will Sanders is quite ill at his home.

Mr. and Mrs. Taylor Prather, Mrs. Sarah Broadbuss, and Lurline Baker spent last Friday in Lexington.

Mrs. W. D. Broadbuss is on the sick list.

Miss Columbia Tussey was the guest of Miss Stella Tussey.

Miss Lida Fowler has returned to Lexington after spending a few weeks with her parents, Mr. and Mrs. J. M. Fowler.

Dr. W. G. Combs has a new Dodge machine.

IMPORTANT MEETING

There will be a very important meeting of the building and finance committee of the First Baptist church Thursday morning, Feb. 5th in conference with the architects in regard to the new church building.

INFLUENZA WEAKENS THE BLOOD

Breaks Your Vitality—Leaves You Helpless When Exposed To Other Germs

These Are Dangerous Days.

If In Doubt About Your Blood Take Pepto-Mangan, Famous Red Blood Builder

If you are just recovering from a fight with the "Flu," it will be weeks before you're really out of danger.

Your blood has exhausted its strength—it is in no condition to fight off other disease germs it may be exposed to. That is why doctors advise staying away from crowds as long as possible.

You can help your blood get back its strength—its stability, to fight off disease—by taking that splendid tonic Pepto-Mangan.

The famous blood builder will supply the iron and other properties your blood lacks and help you regain your old time vigor and enthusiasm.

Get Pepto-Mangan today. It may be had at any drug store in either liquid or tablet form. Make your own choice as to liquid or tablet. They are exactly the same in medicinal value. Take which ever you prefer.

But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name is on the package.—Adv.

PAINT LICK

T. J. Underwood spent the week-end visiting his father at Williamsburg.

Misses Arnola Ramsey and Lena Estridge spent Saturday and Sunday with Miss Elizabeth Bright near Stanford.

Miss Ruth Lane, who has been

home for two weeks, has resumed her school duties.

Mr. and Mrs. F. M. Davison have gone to Louisville and Chicago to visit friends.

John L. Coldiron has installed acetylene lights in his residence and business house.

Dave Hervey has a new Studebaker car.

Roy Estridge and Bennet Roop have several cars ready for the spring market.

Miss Fanny Dowden has taken a position as bookkeeper in the Peoples bank.

Ed Williams, of this place, was in Richmond court day and some clever thief cut the back pocket in his overalls, in which he had a purse of \$90, but fortunately the purse was not taken.

Miss Julia Burgess, who attends the Richmond Normal, spent the week-end with Mr. and Mrs. U. M. Burgess.

Every body seems to be in favor of the bond issue for good roads. We hope this end of Garrard county will vote for the issue.

Miss Lucy Francis has been on the sick list, but is now very much improved.

Curt Jett Sued For Divorce

Curt Jett, who often visits friends here, was made defendant in a divorce suit in Fayette county court at Lexington Tuesday.

Mrs. Dora Bullock Atkins Jett, whom he married two weeks after the prison doors had been opened to him, declared in her petition that Jett, now an ordained minister of the Methodist church, had failed to provide for her. The romance of Jett and Miss Atkins began in Jackson, Breathitt county, before Jett became connected with the Hargis geud. It extended through the trial and conviction of Jett, who was alleged to have slain James Cockrell, deputy sheriff, and Judge James B. Marcum.

Equip Your Small Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3, 30x3 1/2, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$20.00
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$3.90

GOODYEAR

Fertilizer—18 Per Cent Basic Slag

Our Duplex Basic Phosphate contains 45 per cent lime. Needed by every foot of land in Madison county. 18 per cent phosphoric acid will be found in no other fertilizer.

Will not harden, disintegrate or lose strength. Has no bad odor. Will keep indefinitely. It will pay 200 per cent interest on your corn and oats crop.

It will pay 500 per cent interest on your tobacco crop. Car load lots, January and February, \$26.25 per ton. (To Union members, \$26). We will deliver at cost of hauling. Smaller amounts always on hand at retail prices.

Put in your order now. Shipping facilities are uncertain and prices advance each month.

Good Cooking All The Time

Don't be too quick to blame the cook for poor, unappetizing food. Perhaps it's the fault of that old, rusty range. If you want good cooking, you must have a good range.

ALLEN'S PRINCESS RANGES

Housewives have been praising them for 25 years, because they are absolutely dependable. The asbestos-lined oven heats quickly but bakes evenly, and retains the heat so well that it means a big saving in fuel. Best of all, the body and top rim of the Princess is built of one piece of heavy, rust-resisting iron, which means that as the years go by, there are no joints to widen out, or bolts to loosen, thus letting in cold air to weaken the draft and cool the oven.

There are many other patented and exclusive features of the Princess beside the one-piece construction, all of them adding to its convenience and making good cooking easier.

W. F. Higgins

HEARD ABOUT TOWN

Mr. J. W. Herndon, of Berea, was a court day visitor here.

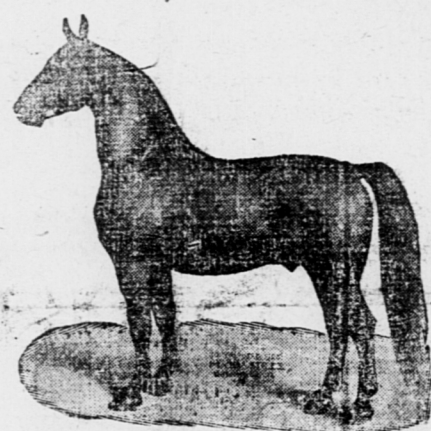

Mr. and Mrs. Thomas McCown have returned from their wedding trip and are with the former's parents, on the Ford pike.

Friends here will regret to know that Dr. J. N. Pennington is quite ill with typhoid fever in the Norton Infirmary, Louisville.

Mrs. Robert C. White and sister, Miss Mary Mahome are in Cincinnati this week shopping and will hear John McCormack, the great tenor soloist at Music Hall. Mrs. Selena Hobson, of Akron, Ohio, will join them.

Fertilizer And The Farm

(Contributed)

High priced land, and it is high priced these days, demands 100 per cent upkeep and the maximum dividend profit. Tired, worn and run down land has come to be a liability rather than an asset. We can not longer afford to keep this kind of land.

That tired or worn out land can be rebuilt is not a theory. It is a fact proven by thousands of cases in every state in the Union. There is but one way in which soil can be rebuilt and that way is through fertilization. Fertilization means returning to the soil what has been taken from it by constant cropping, wrong rotation and abuse.

Manure provides the best remedy. Its benefits are well known to every tiller of the soil. Where it fails is in the scarcity of it. The next best thing will be found in that kind of mineral fertilizer not compatible with each particular territory, which, naturally is determined by ascertaining what the underlying base consists of.

In Central Kentucky, for instance, the underlying foundation is limestone. Lime, therefore, is necessary for the maximum growth of all plants that reach the ideal stage in the virgin soil of this territory. No plant reaches an ideal development here unless the full and proper amount of lime is forthcoming from the soil.

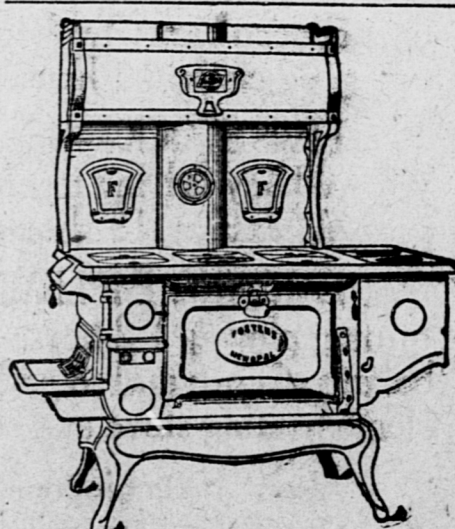

In this territory virgin soil will produce almost the maximum yield of tobacco and corn. A second and third crop, and so on, will yield less and less until the mineral wealth of the soil is entirely exhausted, leaving a dead barren waste. We undertake to avoid such destruction by rotation of crops and the planting of legumes, such as clovers, alfalfa, and the like.

A liberal application of ground limestone will check this destruction quickest. The drawback here, however, lies in the enormous expense. Few landholders are willing to bear the burden. Follows, then, the usual endeavor to rebuild with clovers attended all too frequently, by disastrous loss in the way of "no stand" or a poor "stand," the loss of seed and labor, and the loss of the use of the land for one or two years.

This uncertainty can be avoided in a practical, reasonably, certain and commercially profitable way. It is in the use of manufactured fertilizers containing a high percentage of burned lime. This kind of fertilizer not only provides sufficient stimulation to worn out land to start the full growth of the plant is assured. It can be reclaimed and returned to maximum fertility in this way; the use of burned lime fertilizer in conjunction with leguminous crops. So much for practically desolated land.

The use of high percentage lime fertilizer on sour or acid soil (we call it tired land) resolves itself into a business proposition. Virgin soil here will produce an almost maximum yield of corn or tobacco in 2 years. Then it begins to degenerate. This degeneration or loss of yield is being, and has been for years, profitably checked by proper use of soil building fertilizers.

The third crop of corn or tobacco will be made equal to the first if the proper amount of limed fertilizer is applied. A second crop of either corn or tobacco make the soil sour. Lime returns it to normal sweetness. For this reason the use of high

"He says I'm a good skate"

—Chesterfield

A REAL pal—that's Chesterfield. Look at its record. Three million smokers—less than five years on the market! Two words explain it—"They Satisfy."

Our expert buyers in the Orient select for Chesterfields only the finest grade of the four choicest varieties of Turkish tobacco. To these are added the best of mild but full-bodied Domestic leaf.

But, in the end, it's the blend that makes Chesterfields "satisfy." And the blend—our private formula—cannot be copied. That's why it's Chesterfields—and only Chesterfields—if you want "satisfy."

Leggett & Sons Tobacco Co.

Chesterfields are packed first in paper; then in tin foil and finally enclosed in a moisture-proof paper envelope and sealed.

places, the soil in just a receptive condition for the third or fourth crop as it was in its virgin state.

The third crop of corn or tobacco without limed fertilizer or manure, will fall off one third. With limed fertilizer it will equal the first crop. This kind of fertilizer can be applied in any part of Central Kentucky at a cost of \$4 to \$7 per acre. Whether the restoration of that one third capacity yield will justify the investment depends, of course, on the market value of the crop.

Another point worthy of serious consideration is the fact that limed fertilizer is a permanent soil builder in Central Kentucky, because it combines with all free acids in the soil, thus acting as a soil corrector. Limed fertilizer in any quantities necessarily adds fertility to this territory in proportion to the amount applied. For this reason every crop, including blue grass and fruit trees, is strengthened by it.

With present high prices of land and food products the farmer in Central Kentucky who does not lime his cultivated land is neglecting a golden opportunity to increase his income.

Other Breaks Higher, Too Monday

Maysville—Supervisor Mitchell reports during last week 2,560,999 pounds of tobacco sold here at a general average of \$28 17. Warehouses report sales Monday as follows: Farmers' and Planters' pounds sold 111,915; high price \$85; low price \$1; average \$24 82. Home warehouse sold about 200,000 pounds. Sales totaled for season, including last week, are approximately 11,000,000 pounds.

Shelbyville—Grade prices on the tobacco market showed no appreciable change from last week. The farmers and

house sold 277,000 pounds at an average of \$30. Prices ranged from \$26 to \$36.

Carrollton—The Carrollton tobacco market showed a decided improvement on all grades. Medium were \$5 to \$6 higher than last week and bidding was spirited on bright which sold to \$100 per 100 lbs. Sales were 153,740 lbs, averaging \$31 75.

Mr. and Mrs. Younger Norris, Waco, spent Saturday and Sunday with their daughters Misses St. change from last week. The farmers and Katie Norris on Main street.

The Velvet tin is twice as big as shown here

"No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

NO sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?

'Cause Velvet is brought up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will shore mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

NATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. See, taste, smell, feel the "real tobaccoess" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

Lightly mellowed tobacco

—the friendly tobacco

TROUBLES of the BANKER

"Ask any Banker whence come the largest number of his troubles and he will answer: 'The Collection Department.'"

Many people do not realize that the Bank cannot hold drafts and other collections for the convenience of the payee. The truth is the Bank is legally bound by the instructions which accompany collections and may, therefore, exercise neither discretion or favor. The Banker is FORCED to be prompt—may he not expect you to exert every effort to be prompt too?

HEARD ABOUT TOWN

Friends of Mrs. Sanford Oldham will regret to learn of her illness at her residence on Third street.

Mrs. E. C. Broadbuss was called to Akron, Ohio last week by the illness of her daughter, Mrs. Nathan Sharp, Jr. Friends will be glad to know her condition is very much improved.

Mr. L. E. Barnes and family, who conducted the Schlegel Art Studio on Third street for the past five years, left for Indianapolis the past week, where they will make their future home. Mr. Barnes built up a good business during his stay here, and made many friends, who wish him success in his new field of labor.

The membership committee of Normal City lodge Knights of Pythias, are planning a big drive within the near future, to be followed up with a big banquet. At their last meeting Mr. Leonard Isaacs was initiated into first rank. The lodge has taken on new life and expect to do big things this year.

Mr. Lindsey Blanton testifies to the big results received from advertising in the Daily Register. One day last week he inserted a few lines offering manure for sale, and before noon the next day, his sales amounted to \$18 and they were still coming. Try the Daily Register and you'll get results too.

The Irvine graded school building was destroyed by fire early Monday night. The origin of the fire is not definitely known but is believed to have been from a defective flue. The loss is about \$15,000 with no insurance. Several weeks ago a bond issue for \$24,000 was voted to build a modern school building there. This is to be supplemented by \$26,000 in private subscriptions, most of which has already been subscribed. It is expected that work on the new building will be commenced at once.

The patrons of the local theatres will miss the good music which has been given by the Derson Five during the past two weeks' engagement. Miss Ward contracted for their appearance in this city for one week, but so pleased was everyone by their work that she kept them over for this week, and on Saturday night they finish their contract in this city. The entire company is comprised of artists with Mr. Jack Robins playing the banjo, Miss Grace Graves at the piano, E. P. Richie, drums, Miss Helen Derson, violinist and Mr. E. P. Pederson, saxophone. A return engagement will be welcomed by the music lovers of Richmond.

New Warden At Frankfort

Frankfort, Ky., Feb. 4.—The State Board of Control has accepted the resignation due to ill-health of Mack Pythian, as Warden of the Frankfort Reformatory, and appointed L. R. Davis, of Hopkinsville, to succeed him. Davis formerly was sheriff of Christian county and at the present time is deputy sheriff. His appointment was recommended by Bishop Woodcock, of Danville.

TENNESSEE SHERIFF

HELD ON BAD CHARGE

Nashville, Tenn., Feb. 4.—Four persons, including A. P. Warren, Sheriff of the county, were arrested today at McMinnville, near here, in connection with investigation of the death of Fred Murphy, a prisoner in the county jail, who was found hanging in the cell January 24 with his hands tied.

Sheriff Warren is alleged by Federal officers to have been involved in an illicit distilling case in which Murphy was a witness. Mrs. Warren, the Sheriff's wife, J. Raines, an inmate of the jail at the time of the hanging, and Alex Van Hooser, Tracy City, were the others arrested.

The county grand jury will meet Saturday to begin an investigation of Murphy's death, demanded by Sheriff Warren.

MAN ENDS THREE LIVES

Fulton, Ky., February 4.—Charley Tibbs, 34 years old, shot and killed his wife, 40 years old, and then his wife's sister, Mrs. Ola Bennett, 55 years old. He then shoot himself fatally. The shooting took place at the Tibbs home in Water Valley, five miles north of this city. Tibbs and his wife had been separated. He recently returned from Akron, Ohio, where he has been employed.

BENEFITS FOLLOW DROUGHT

The shipment of cattle from drought-stricken areas in Texas during the summer of 1918 has resulted in benefits greater than merely saving the animals, according to a report of the Bureau of Animal Industry, United States Department of Agriculture. Nearly 300,000 head of cattle were shipped from Texas to the Southeastern States. A large number of the animals were brought outright in small lots and sent into sections of the Southeast, which promises to be the Nation's next great area for expansion in beef production. Most of the animals were cows, and where properly cared for they have given farmers a start of from 5 to 10 years over the usual methods of grading up native stock by purebred bulls. It cost the Government only a few cents a head to move the cattle. It these well-bred animals, the report shows, had not been moved and saved as they were, they would have perished on the ranges or would have been slaughtered at market centers.
